Absences

When your child is absent from school, you have two options for getting missed work:

1. Your child may ask for it upon return. (S)he will be given an assignment sheet.. All worksheets and other papers will be attached to the sheet. The child will be given extra time to complete the work.
2. Parents may call the office or email me and request the homework to be sent with a sibling or delivered to the office for pick-up. The work will be available by 3:25 in the office. I will not be able to do so sooner.

Planned absences

If you are scheduling an absence you will need to fill out the district form located on line. I give work for the days missed when the child returns from his/her absence.
